

## Course Details:

**Year 1** 22614VIC Certificate II in Building & Construction Pre-Apprenticeship (Partial Completion)

**Year 2** 22338VIC Certificate II in Building & Construction Pre-Apprenticeship (Partial Completion)

### Course Aims

This course aims to provide learners with basic industry specific skills and knowledge to enable transition into an apprenticeship within the building and construction industries at the Certificate III level. This pre-apprenticeship course consists of a core of common cross sector units of competency that provide skills and knowledge in applying basic levelling procedures, carrying out basic measurements and calculations, communicating in the workplace, erecting and safely using working platforms, interpreting basic plans and drawings, preparing and applying for work in the construction industry, working effectively and sustainably in the construction industry and workplace safety practices onsite. The course also includes a range of units that introduce the learner to the application of specific materials, tools and equipment, and techniques used in specific trade sectors that underpin the Certificate III qualifications in the Carpentry trade sector.
